# Learn to Play Hockey

The FLYERS SKATE ZONE has developed a progressive hockey skills development program that is designed to provide skills instruction for children ages seven through thirteen. This program has been designed as an introduction to hockey focusing on basic skills, with an emphasis on having FUN!

Weekly clinics teach the fundamental skills of skating, puck handling, passing, shooting, and game situations providing the participant with the opportunity to develop confidence and a positive self-image while experiencing achievement throughout the program.

The Learn to Play Hockey Program has been designed to prepare participants to move into a recreational hockey league, such as our Flyers Skate Zone Limited Travel Hockey League, once they have completed levels I - II

Level I – Beginner Skills Development

Level I is our starter hockey program for children with some basic skating skills who wish to try hockey.

(Children who have never skated are required to complete at least one Learn-to-Skate Program class to acquire basic balance while skating) This Level is designed to be fun and teach the basic skating and puck skills necessary to have a positive experience playing hockey.

Level II – Intermediate Skills Development

Level II is a progressive continuation from the basic skills taught in Level I. Skating for hockey will continue to be the primary focus, along with an emphasis on skating with a puck, passing, and shooting.
