Flyers Skate Zone is dedicated to the development of youth hockey. Our Cross Ice Hockey program is designed to provide opportunities for hockey players ages 7 and under to participate and have fun. The program provides participants the opportunity to develop individual and team hockey skills in a fun, relaxed environment.

The focus of our Cross Ice Hockey Program is to follow USA Hockey's model to encourage having fun, participation and player development. Teams will be divided after the first practice. Games are played on the width of the surface. Miniature nets will be used and goalie equipment is available for interested players.

The Cross Ice Hockey League is the 2nd step of the progression in our Hockey Skills Development program. The Cross Ice Hockey League is a feeder program for those players wishing to move on to the House League and eventually a competitive travel hockey club. Flyers Skate Zone offers opportunities for ALL players of varying ability levels to participate and have fun playing the great game of hockey!
