Learn to Skate

The United States Figure Skating (USFS) Basic Skills Program has been developed as a beginning ice skating program that is challenging and rewarding. Participation in the program will enable skaters of all ages and abilities to learn the fundamentals of ice skating while teaching them skills necessary to advance in a competitive or recreational figure skating or hockey program.

Snowplow Sam (1-3): Ages six years and younger. Children develop coordination on ice skates. Parents are encouraged to participate!

Basic Skills (1-8): Ages 6 to 18 years. Each session is progressive, building upon skills and techniques learned in previous lessons.

Freestyle (1-6): For advanced skaters (completed after Basic Skills). Lessons include more advanced techniques including jumps and spins.

Adult (1-4): Beginner to intermediate adult skaters can take lessons to develop and improve basic ice skating skills.

Each lesson includes 30 minutes of instruction and 30 minutes of practice skate time
