PROGRAM DETAILS

The United States Figure Skating Association (USFSA) Basic Skills Program has been developed as a beginning ice skating program that is challenging and rewarding - but most of all fun. Participation in the program will enable skaters of all ages and abilities to learn the fundamentals of ice skating while teaching them the skills necessary to advance to a competitive or recreational figure skating or hockey program.

Snowplow Sam for Tots

Ages 3 to 5 are placed into the USFSA Snowplow Sam program. This program is designed to help pre-school age children develop the preliminary coordination and strength necessary to maneuver on skates. Snowplow Sam has three progressive levels that will help the young skater develop confidence while experiencing success with his or her beginning Skating!

Basic 1 through Basic 8

Beginner skaters, ages 6 to 65, are introduced to the basic skating techniques in a safe and controlled environment. Each class session and level following Basic 1 is progressive, building upon skills taught in the previous lesson. Six-week skating classes continue from Basic 2 through Basic 8.
